Will you help us further expand the Wassenaar Fund?

Volunteer communications working group (1 day per month)

Fonds Wassenaar has existed for five years this year. We are an independent, local fund by and for Wassenaaarders. Our goal: to support local initiatives to improve the connection and quality of society in Wassenaar and to strengthen solidarity. The Fund enables organizations and residents of Wassenaar to realize their social ideals. Foundations, associations and residents' initiatives submit a request for a donation to their local project or initiative. It is our mission to support, encourage and advise residents as much as possible.

To make our activities more widely known within the Wassenaar expat community, we are looking for volunteers who have an affinity with the expat community.

What do we offer:

- you become part of an inspiring and active local community fund;
- within the Fund you are part of the communication & fundraising working group;
- you can organize your own time and there is plenty of room for your own input;
- you make a great contribution (with direct impact) to Wassenaar society;
- you will be invited to fun, diverse Wassenaar projects or events.

What are we looking for:

- you enjoy working on projects;
- you are available for a day per month;
- you live in Wassenaar and have a good network within the expat community;

Interested?

Please send us an email in which you also tell something about yourself to info@fondswassenaar.nl. For more information please call + 31 6.... or, visit www.fondswassenaar.nl.
